

Our mission is to promote excellence in Osteopathic Graduate Medical Education (OGME) to ensure accredited post-doctoral programs and success for residents defined as personal and professional growth and achievement of AOA core competencies with our accredited partner programs.

## OPTI-West Research & Faculty Development E-Bulletin

Volume 7, Issue 13

6/30/13

Dear PBRN Community,

We have recently updated the [PBRN Research Bibliography](#), posted on the [PBRN website](#). We have added articles about research conducted in PBRNs that were published from April 2013 – June 2013 as well as those articles submitted to the Resource Center by members of the PBRN community since our last update. The Research Bibliography is sorted by author and by year, and may be viewed here: <http://pbrn.ahrq.gov/pbrn-literature/pbrn-research-bibliography>.

If you are aware of any articles about research conducted in PBRNs that have not yet been added to this PBRN Research Bibliography, please forward the article information to us. We would be happy to add additional PBRN publications to the bibliography!

Thank you,

Tana
